

Class #7 -- 16 Mar 2017

1. Review & solve assignment from Class #6
 - Scatterplot -- magnitude vs longitude -- discuss the result
 - Start with <http://bl.ocks.org/mbostock/3887118> -- scatterplot
2. Create a static version of the map that has been zoomed in on the Oklahoma swarm from Assignment #5
3. Projects (while students are working on #2)

Assignment #7

Starting with the solution to Assignment #5,

1. Add the state boundaries and earthquakes to a version of this block that has been zoomed in on the Oklahoma swarm
<http://bl.ocks.org/mbostock/94b9fd26e12c586f342d>
2. Create a version that smoothly zooms in on the Oklahoma swarm
